

Cell & Molecular Biology Annual Adviser Report

This form should be completed by the Research Mentor
Academic & Research Performance

Student: _____ Adviser: _____ Date of Meeting: _____

1. Describe the candidate's progress and performance during the past year. If more space is needed, feel free to attach a letter.

2. Does the candidate have any weaknesses or deficiencies that could hinder progress towards obtaining his/her degree? If so, please describe them as well as suggested remedial action(s). If more space is needed, please attach additional pages.

3. What is the likelihood for financial support during the next academic year (beginning Fall semester)? If the student is currently on an assistantship, answer one of the following (this is a university requirement).

The assistantship will be renewed.

The assistantship will be renewed provided the conditions specified below are met:

The assistantship will not be renewed for the following reason(s):

Student Your signature below indicated that you have discussed the contents of this progress report with your major professor.

Student: _____ Date: _____

Major Professor Your signature below indicated that you have discussed the contents of this progress report with your major professor.

Major Professor: _____ Date: _____

Dept/School Chair/Director: _____ Date: _____

When both the major professor and student have reviewed and signed this progress report, copies of the report should be given to the student and the major professor. The original progress report should be placed in the student's file in the department/unit office. Students who wish to appeal any part of the major professor's evaluation may do so in writing to the department chair/school director.
